Subject: Re: FI Phosphate Briefing for Winston

Add timing/schedule for both sampling and CI activities.

La Tonya is not in today. Can we have the pre-meeting tomorrow to make sure we are all on the same page?

10:00?

Subject: FI Phosphate Briefing for Winston

Just a reminder that we have a briefing planned for Winston for June 3, 2pm, in the Waste Div. Conf. room. Below are some items that I plan to include on the agenda. Let me know if there is anything I missed.

- Present new state data that shows elevated radiation and radium levels in communities to be surveyed,
- Discuss State's recommendation to include CERCLIS sites,
- Discuss comments from OEA and proposed revisions to the Community Involvement Strategy,
- Discuss plans for follow-up meeting with State on new data,
- Discuss strategy for involving industry,
- Address State inquiry for confirmation of ARARs/Cleanup Criteria.

Thanks, Brad
